I am to invite your attention to the reference cited and to inform that the clarification issued in the reference 1st cited is only an option given to avoid any undue hardship to the individual whose sites/ individual plots abuts more than one road. However in the instant case since the applicant is willing to provide the required set backs as per the width of the roads abutting to his site/ plot there is no objection to consider the building application of the individual. as proposed by him. However this clarification shall not be made applicable to High Rise Buildings.
