

Office order no. 2597/P3/HUDA/2004

dated 20-12-2004

Sub:- HUDA - Planning Dept. - Calculation levy of 10% open space charges - Procedures - Orders and Instructions -Reg.

- Ref:-
1. G.O.Ms.No. 409, M.A &UD, Dated the 07th August, 96.
 2. O.O.No. 1114/P8/HUDA/99, Dated. 31-1-2000.
 3. Decision taken in file No. 3588/P4/H/2001 & 8165/P4/H/2000 regarding more than 1acre cases.
- oOo

In continuation of the orders issued in the reference cited it has been decided to issue the following instructions in respect to calculation of levy of 10% open space charges and layout charges (PC& DC)

1. Henceforth the following procedure shall be followed for calculation of levy of 10% open space charges and layout charges (PC& DC):

"The plot area (applied) shall be treated as 60% of the plotted area. To achieve 100% the plot area should be multiplied by a factor of 1.67. Considering the resultant figure 10% of the open space area has to be worked out and multiplied with the certified market value. Alternatively the plot area shall be multiplied with a factor of 0.167 and the resultant figure shall be multiplied with certified market value."

However in all development control cases where applicants have been informed to pay 10% open space charges and layout charges as per old procedure until 20-12-2004, the new procedure as above shall not be applicable and permissions should be released on such payment.

2. The market value certificate should be collected from applicant from the Sub-Registrar of the concerned area and should be dated within seven days from the time of application for submission to HUDA.

CC to all JPC, APO, CPO, DTP & SORMIP by Secy, HUDA

Example : proportionate layout charges:

Total site area 1459.05 Sqm $\times 1.67 = 2436.61 \times Rs 12 = Rs 29239.32$

Short fall of open space charges in U/A layouts

Total site area 1459.05 Sqm OR 1745 Sqm

$1745 \times 0.167 \times Rs 2700 = Rs 7.96, 22135$
